I agree Chad.

Let's do this... Scott, per our discussion today if you will cover the cost of the SW ticket (\$500), I will reimburse Dr. Owen the additional \$250 to fly private. Let me know if this works. Thanks again.

He really needs to travel via sw airlines or we compensate him the cost of the sw flight. My vote.

He said SW is \$518 but he can fly private for \$750. Let me know if you are okay with paying for him to fly private instead? Please advise.
